REPORT ON

10 DAYS RESIDENTIAL INTERNSHIP PROGRAMME ON INSTRUMENTATION CONDUCTED BY MEGHANASREE AGENCIES

START DATE: 02/10/2017

END DATE :12/10/2017

Department Of Chemistry YAGC W Chirala Accommodated Bsc Students Of The Academic Year 2017-2018 For 10 Days Residential Internship Programme On Instrumentation Conducted By Meghanasree Agencies(soil testing laboratories)located in Industrial Estate ,Venkata Chalam ,Nelloore.

Activity: Training In testing the suitability of soil for-agriculture as well as construction of multistoried buildings.

Objective: To study the physic chemical properties of soil.To provide a technical platform to the students regarding instrumentation and interpretation of instrumental out puts.

Outcome:Students participated got awareness regarding different types of soil tests as follows

1.Soil pH: Most soils have pH values between 3.5 and 10. In higher rainfall areas the natural pH of soils typically ranges from 5 to 7, while in drier areas the range is 6.5 to 9. Soils can be classified according to their pH value: 6.5 to 7.5—neutral.

2.Atterberg limits tests.

The Atterberg limits test is a classification test used to determine the moisture content at which fine-grained clay and silt soils transition between the different phases. The test for Atterberg limits is performed on the fraction of soil that will pass through a No. 40 or 425 μ m or 0.425mm sieve as per ASTM D 4318-00.

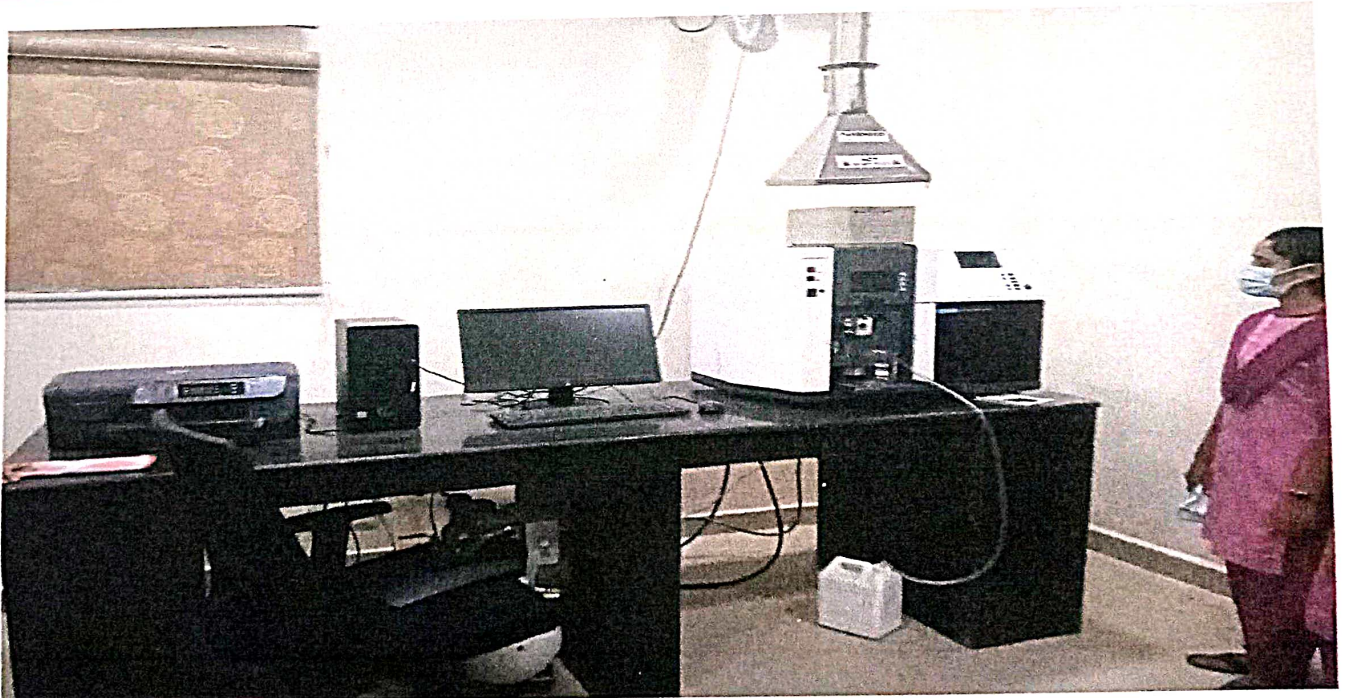

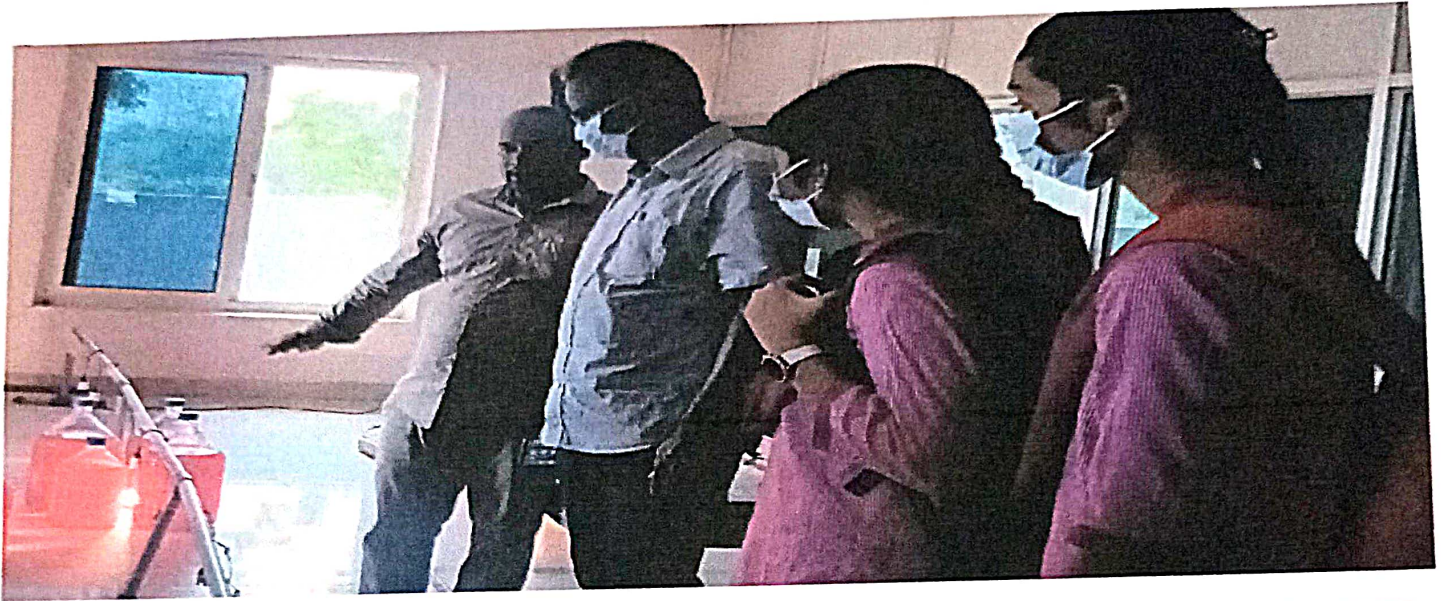

3.Specific gravity of soil.

The specific gravity of the soil particles lie with in the range of 2.65 to 2.85. Soils containing organic matter and porous particles may have specific gravity values below 2.0. Soils having heavy substances may have values above 3.0.

4.Dry density of soil.

Calculate the dry density using the following equation: $\text{Dry Density (pcf)} = \text{Wet Density (pcf)} - \text{Moisture Content (pcf)}$. 9.1. Report the moisture content of the soil to the nearest 0.1 percent and the moisture content of aggregate base materials to the nearest 0.1 pound per cubic foot.

Students participated: Copy enclosed

Report on Job Training on Tally in Sai Ram Computer Education

Start Date: 19-09-2017

End Date:- 18-10-2017

The Department of Commerce and Sai Ram Institute of Computers has signed a Non-Profitable MOU in the year 2017-2018 for the purpose of extending and sharing their knowledge for our B.Com Students. The Sai Ram Institute, Chirala has provided a free coaching and trained the B.Com students in the course Tally ERP. 9

About the Training:- In this Tally course they imparted the knowledge on "Accounting Package" namely Tally, Wings, FoxPro, Inventory Management of Stock handling in stores and god owns. The entry of stock in and stock out is explained to the students. Tax management the assessment procedure is clearly explained to the students. As the final B.Com students are completing their graduation training them with Tally ERP 9 is very useful as it fetches them with good jobs.

Outcome:- Sai Ram Institute has extended their service to our college in training the students in the Academic Year 2017-2018 free of cost. Which made our students benefited with the course. The students were informed and allowed to take training for two days in a week after the college hours in the Sai Ram Institute all the students were benefited with the course.
